

REMARKS

The Examiner has found allowable subject matter in claims 3 and 6 if suggested amendments are made. Such amendments have been made. Claims 7 and 8 have been added and are believed to be allowable for the same reasons that claims 3 and 6 were found to be allowable. Claims 7 and 8 do not positively claim the clamping jaw members but rather include them in the preamble.

It is believed that the case is now in condition for allowance. Such action is earnestly solicited.

Respectfully submitted,
